INTERNATIONAL HIGH-RISE EXPERTISE

ARCHITECTURE | CIVIL & STRUCTURE | M&E | FAÇADE | BIM

SINGAPORE SPECIALIST + CAMBODIA BASED TECHNICAL LEADERSHIP

INTERGRATED MULTIDICIPLINARY DELIVERY

ABOUT US

Integrated High-Rise Design Consultants is a multidisciplinary design and engineering consortium bringing together Singapore-based specialist expertise and Cambodia-based project leadership to deliver high-quality, coordinated solutions for high-rise, mixed-use, residential, commercial and complex building developments.

Our team integrates **Architecture, Structural & Civil Engineering, Façade Engineering, M&E Engineering, BIM and Design Management** under a coordinated project delivery framework. By bringing these disciplines together from the early stages of design, we aim to achieve solutions that are not only architecturally distinctive, but also **structurally efficient, technically coordinated, buildable and commercially responsive.**

Our international team brings extensive experience from Singapore and other regional markets, including complex high-rise and landmark developments. This specialist knowledge is complemented by **Cambodia-based professional leadership and project coordination**, providing clients with a direct and responsive interface throughout the project lifecycle.

We understand that successful high-rise development requires more than individual discipline expertise. It requires close integration between **design vision, structural systems, façade performance, building services, constructability, BIM coordination, authority requirements and project economics**. Our integrated approach enables these considerations to be addressed collectively, helping clients reduce design risks, improve coordination and make better-informed development decisions.

MENGLIM PE, ACPE

OUR COMMITMENT

We are committed to delivering **design excellence, technical integrity and practical value** through a collaborative and disciplined approach. Our objective is to become a trusted technical partner to developers, investors and project stakeholders in Cambodia and the wider Southeast Asian market.

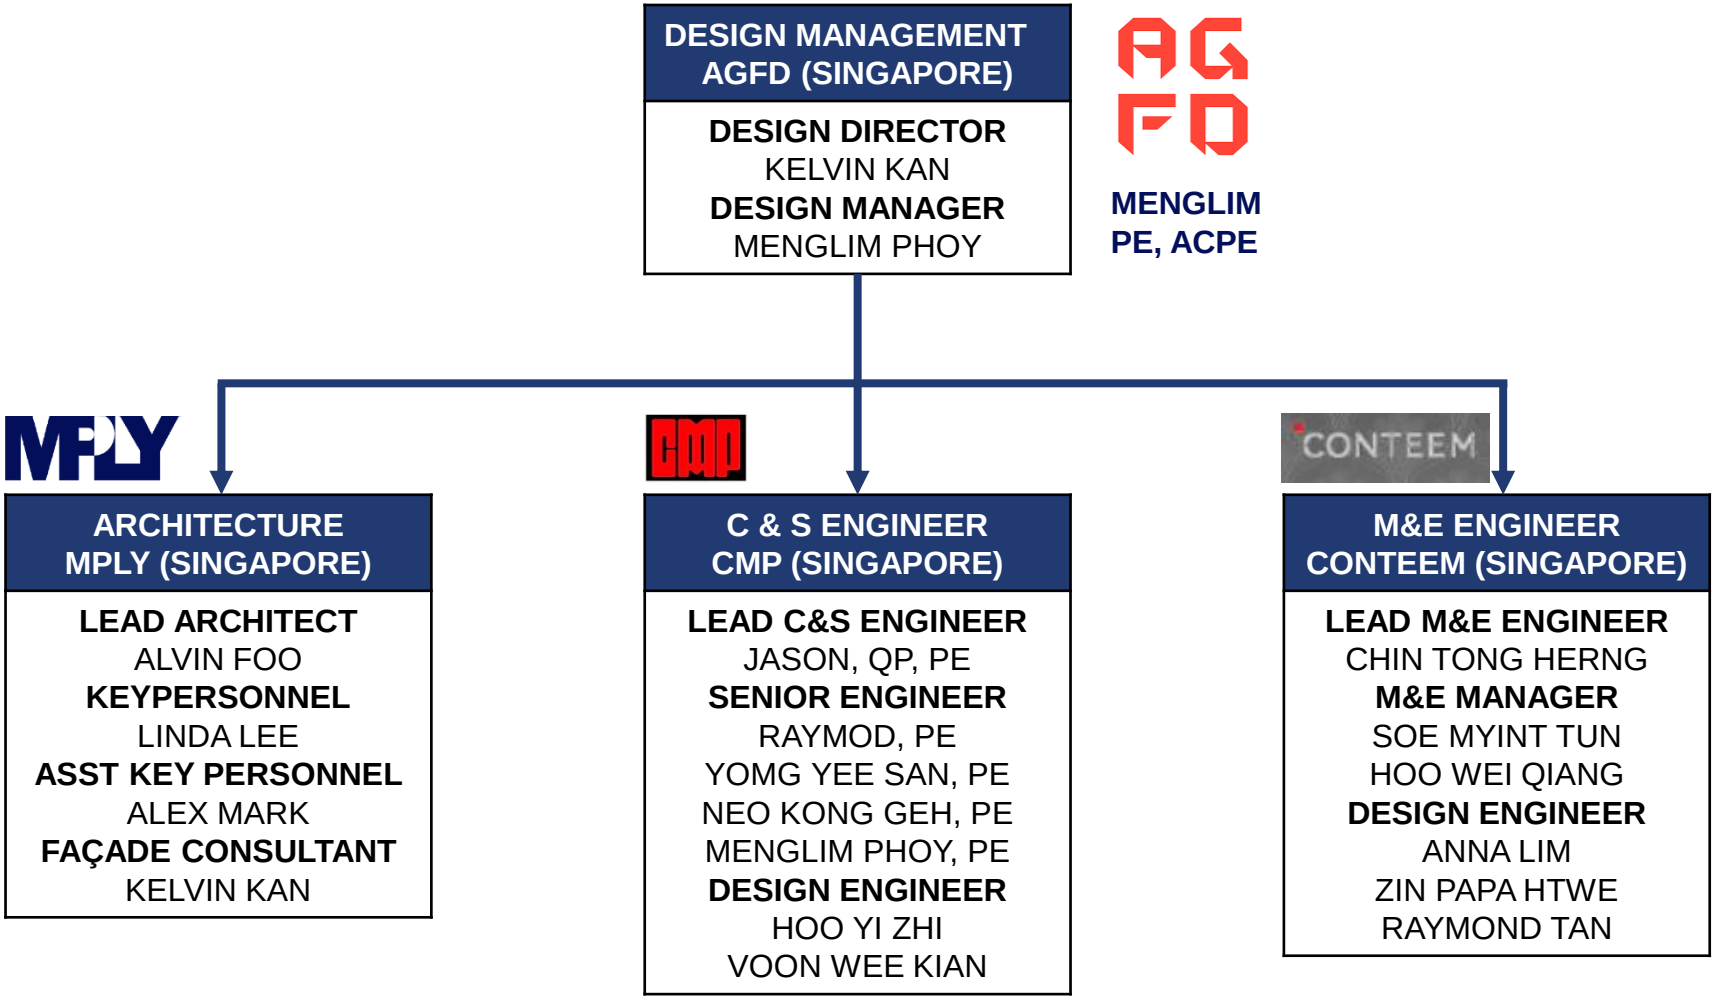

“ Singapore Specialist Expertise. Cambodia-Based Leadership. Integrated Design Excellence.”

OUR CORE EXPERTISE

Architecture — Innovative and context-responsive architectural design
Civil & Structural Engineering — Efficient and robust structural solutions for complex and high-rise buildings
Façade Engineering — Performance-driven façade design, detailing and coordination
M&E Engineering — Integrated and efficient building services solutions
BIM & Digital Coordination — Multidisciplinary BIM coordination, clash detection and design optimization
Design Management — Integrated project coordination, technical review and design delivery
High-Rise Advisory — Technical assessment, design optimization, constructability and value-driven solutions

“We bring Singapore-level high-rise design expertise to Cambodia through an integrated team of specialist architects and engineers, supported by a Cambodia-based technical and project interface.”

OUR PROJECT TEAM ORGANIZATION CHART

OUR PROFESSIONAL TEAMS

Discipline	Singapore Specialist	Cambodia Interface	Main Value
Design Management	Kelvin Kan | AGFD / GFD	Menglim PHOY	Integrated Design
Architecture	Alvin Foo | MPLY	Menglim PHOY	Design & Coordination
Civil & Structural Engineer	Jason | CMP	Menglim PHOY	High-Rise Structural Engineering
Façade	Kelvin Kan | GFD	Menglim PHOY	Façade Engineering & Performance
M&E	Chin Tong Herng | CONTEEM	Menglim PHOY	Building Service
BIM	Specialist Team	Menglim PHOY	Integrated Coordination

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Ion Orchard
No. of Storey : 8-Story Podium & 56-Story Residence
Location : Singapore
Façade Design : GFD (AGFD) with ARUP Singapore
Scope : Façade design & Development

Project : One Pearl Bank
No. of Storey : 39-Story
Location : Singapore
Architect : MPLY
Scope : Architectural Design Consultant

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Raffles City
No. of Storey : 28-Story Twin Tower, 42-Story Office Tower, 73-Story Westin Stamford Hotel
Location : Singapore
C&S Consultant : CMP
Scope : Civil & Structural Consultant, M&E Consultant

Project : Oue Twin Peaks
No. of Storey : 36-Story
Location : Singapore
M&E Consultant : CONTEEM
Scope : M&E Consultant

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Sector 61 Housing
No. of Storey : 42-Story
Location : India
Façade Design : GFD (AGFD)
Scope : Façade design & Development, Construction supervision

Project : Desa Park
No. of Storey : 53-Story
Location : Malaysia
Architect : MPLY
Scope : Architectural Design Consultant

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : One Desun
No. of Storey : 2-Story Podium, 29-Story Residence
Location : Singapore
C&S Consultant : CMP
Scope : Civil & Structural Consultant

Project : Cube 8
No. of Storey : 36-Story
Location : Singapore
M&E Consultant : CONTEEM
Scope : M&E Consultant

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Bugis Illuma
No. of Storey : 10-Story Mall
Location : Singapore
Façade Design : GFD **(**AGFD)
Scope : Façade Design & Development

Project : Sun
No. of Storey : 55-Story
Location : Vietnam
Architect : MPLY
Scope : Architectural Design Consultant

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Bukit Timah Integrated Development
No. of Storey : 5-Story Institution
Location : Singapore
C&S Consultant : ECAS Consultants Pte Ltd | Menglim PHOY
Scope : Structural Accredited Checking

Project : HDM Woodlands
No. of Storey : 33-Story
Location : Singapore
C&S Consultant : ECAS Consultants Pte Ltd | Menglim PHOY
Scope : Structural Accredited Checking

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Lutus Land 598
No. of Storey : 15-Story, 25-Story & 28-Story Condominium
Location : Cambodia
C&S Consultant : Menglim PHOY | Principal Structural Engineer
Scope : Structural Design & Tendering Management

Project : Business Center
No. of Storey : 36-Story
Location : Cambodia
C&S Consultant : Menglim PHOY | Principal Structural Engineer
Scope : Structural Design & Tendering Management

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Urban Village Phase 2
No. of Storey : 5-Story Podium, 56-Story & 60-Story Condominium
Location : Cambodia
C&S Consultant : Meinhardt (Singapore) & VED (Malaysia)
Menglim PHOY | Principal Structural Engineer
Scope : VE Design Coordination | Meinhardt, VED & Utracon

Project : TTP Parking Tower
No. of Storey : 18-Story
Location : Cambodia
C&S Consultant : Menglim PHOY | Principal Structural Engineer
Scope : Structural & Geotechnical Design

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : GATO Tower
No. of Storey : 67-Story Mixed-Use Development
Location : Cambodia
C&S Consultant : LBL Wise | Menglim PHOY | Principal Structural Engineer
Scope : Structural Design Advisor & Team Leader

Project : PSH Dormitory
No. of Storey : 11-Story
Location : Cambodia
C&S Consultant : Menglim PHOY | Principal Structural Engineer
Scope : Structural & Geotechnical Design

HIGH-RISE & COMPLEX BUILDING EXPERIENCE

Project : Mixed-Use Tower
No. of Storey : 30-Story
Location : Cambodia
C&S Consultant : Menglim PHOY | Principal Structural Engineer
Scope : Structural Design & Tender Management

Project : National Bank of Cambodia (NBC)
No. of Storey : 28-Story
Location : Cambodia
Façade Designer : AGFD | Kelvin Kan
Scope : Façade Design Consultant
C&S Engineer : Menglim PHOY | PE Engineer
Scope : PE - Post Tension Design Review & PE Endorsement for Utracon (PT Specialist)
